ASSUMPTIONS – August 8, 2005

REVENUES:

1.010-1.020 Property Tax - Property tax revenues are based on historical growth patterns, including scheduled updates and reappraisals. Passage of a 5-year 5.9 mill replacement levy in November 2003 (TY2004-2008) with collection starting calendar year 2005 and ending calendar year 2009 has been built into the projection. Next scheduled update is 2007 on which collections will begin in calendar year 2008.

The District passed a 3-year 4.9 mill new levy on the November 2004 ballot (TY2004-2006) with collection starting calendar year 2005 and ending calendar year 2007. It is estimated that the new levy will provide \$3,870,628 at the current assessed valuation of \$789,924,174 of which 1.5 or \$1,184,886 will be designated for building repair and maintenance per the Board of Education's "Budget Reduction Plan 2005-2007."

The tangible personal property tax estimates are based on historical collection levels and recent changes in the state tax laws. Tangible personal property includes furniture & fixtures, machinery & equipment, and inventory. Effective for tax years 2005 and 2006, the assessment rate on inventory will be reduced by 2% instead of 1% if the total statewide collection of personal property taxes for the second preceding year exceeds the total statewide collection of property taxes for the third preceding year. Effective for tax year 2006, the tangible personal property tax will begin a four-year phase out. School districts have been promised full replacement of this lost tax over the next five years via the school funding formula and direct payments from the State (excluding the inventory taxes that were already scheduled to be eliminated and the first half-mill on bond emergency levies). After five years, the direct payments from the State will be phased out over the next seven (7) years through 2018.

Theoretically, the tangible personal property tax will be replaced by the new commercial activity tax (CAT), which will be phased in over a five-year period. Once fully phased in, the CAT will be a 0.26% tax on any business' gross receipts in excess of \$1 million. Businesses with gross receipts between \$150,000 and \$1 million will pay a minimum tax of \$150, while businesses with receipts of less than \$150,000 will not be subject to the CAT.

Beginning in tax year 2004, all taxpayers having taxable personal property with a taxable value of less than \$10,000 are no longer required to file a personal property tax return. Prior to 2004, taxpayers with less than \$10,000 in personal property filed a tax return, even though they would not owe any taxes. The state would use the form to reimburse school districts for personal property tax revenues that were not collected based on the filings. The state reimbursement will be phased out over a 10-year period, beginning in fiscal year 2004. The reimbursement for fiscal year 2005 will be equal to 80% of the fiscal year 2003 reimbursement. The reimbursement will be lowered 10% each fiscal year thereafter, until FY2012. Beginning in FY2013 reimbursements will no longer be made to the District.

The amounts do not anticipate the automatic passage of a replacement or renewal levy. That means that when a levy is scheduled to expire, the estimated property tax revenue has a corresponding decline. Although new levies may be proposed during this time period, no new levies are included in these amounts. Revenues from anticipated renewals are on line 11.02.

1.030 Income Tax - The District has no income tax collections.

1.035-1.040 Grants-in-Aid – Revenue from State Foundation payments are expected to continue to increase based on current state formula and anticipated growth based on historical patterns or other indicators included in new legislation. FY06 and FY07 figures based on ODE simulations of the biennial budget signed June 30, 2005. The District expects a decrease of \$250,000 in transportation given the State's assertion that schools are to be funded for actual students riding the busses, as opposed to those who are *eligible* to ride.

1.050 Property Tax Allocation – Property tax allocation revenues are based on historical growth patterns, including scheduled updates and reappraisals. Passage of a 5-year 5.9 mill replacement levy in November 2003 (TY2004-2008) with collection starting calendar year 2005 and ending calendar year 2009 has been built into the projection.

The District passed a 3-year 4.9 mill new levy on the November 2004 ballot (TY2004-2006) with collection starting calendar year 2005 and ending calendar year 2007. It is estimated that the new levy will provide \$3,870,628 at the current assessed valuation of \$789,924,174 of which 1.5 mills or \$1,184,886 will be designated for building repair and maintenance per the Board of Education's "Budget Reduction Plan 2005-2007."

Under Amended Substitute House Bill 95, the Ohio Department of Taxation will now deduct a fee from the monies reimbursed back to a school district as a result of the 10% rollback on each parcel of real property on the general tax list, public utility, and manufactured and mobile home tax list. The rollback reimbursement is distributed twice a year, approximately 30 days after the county auditor certifies the February and August real estate settlements. The first effect of this deduction appears in 2004.

The amounts do not anticipate the automatic passage of a replacement or renewal levy. That means that when a levy is scheduled to expire, the estimated property tax revenue has a corresponding decline (e.g. FY2008). Although new levies may be proposed during this time period, no new levies are included in these amounts. Anticipated revenue from replacement and renewal levies are shown in line 11.020.

1.060 All Other Revenues – The decline in FY2006 is due to three factors: 1) Elimination of special education workshop project (236K), 2) fewer open enrollment students (131K), and 3) reduced Medicaid reimbursements (55K).

2.010 Proceeds from Sale of Notes - The District does not anticipate any sale of notes.

2.050 Advances-In – Revenues received by a fund as a result of a transfer or advance from another fund, in anticipation of future revenue. These are monies that were advanced out in previous year(s) and returned back to general fund. Line 2.050 should match the previous year's line 5.020.

EXPENDITURES:

3.010 Personnel Services – The amounts for salaries and benefits are based on existing negotiated agreements. Projections for fiscal years 2005 through 2007 are based on the Board of Education's "Budget Reduction Plan 2005-2007." Personnel services are projected at 1.5% increases to cover experience and education changes. No assumptions have been made on negotiable salary increases. FY2006 salary increase is due to removal of Aramark maintenance contract from purchased services.

3.020 Employees' Retirement/Insurance Benefits -- Savings from recent health plan changes are being outstripped by higher costs driven by the health care industry. Within line 3.020, FY2006 general fund health care costs are estimated to be \$6,842,747, which reflect an increase of 13.5% over FY2005 actual costs of \$6,028,852. The forecast assumes a net increase to the District's fiscal year 2005 health care costs of 13.5 % in FY2006, 13.0% in FY2007, 12.5% in FY2008, 12.0% in FY2009, and 11.5% in FY2010. Line 3.020 also includes approximately \$175,000 for professional dues reimbursements and \$45,000 for tuition reimbursements. The remaining benefits (e.g. retirement, Medicare, workers compensation, unemployment, tuition and professional dues) in line 3.020 are based on 18% of salaries in line 3.010.

3.030-3.040 Purchased Service and Supplies and Materials – Large decrease in FY06 purchased services is due to the expiration of Aramark contract, and building repairs and equipment to be taken from the Permanent Improvement fund (003). The District is in compliance with the percentage expenditure requirement established by SB345. Purchased services, which include utilities, repairs, leases, and tuition payments, are forecast to increase by an overall 6% each year. Supplies reflect a 6% increase after fiscal year 2007.

3.050 Capital Outlay – Fiscal years 2006-2010 reflect gradual increases after slashing equipment costs in fiscal year 2005.

4.020 Principal Notes – The District has three interest free asbestos loans from the United States Environmental Protection Agency. Tax revenues posted in the Debt Service Fund cover the scheduled loan payments. Annual requirements to amortize all long-term debt outstanding as of June 30, 2005, follow:

Fiscal Year Ending June 30	School Asbestos Loan
2006	108,061
2007	108,061
2008	108,061
2009	108,061
2010	108,061
2011	100,315
2012	72,402
2013	30,698
Total	\$ 743,720

4.030 Other Objects – This line is based on historical patterns and county auditor fees, which increase as collections increase.

5.010 Operating Transfer-Out –A total of \$3,540,000 from the 3-year, 4.9 mill levy proceeds passed in 2004, will be transferred to the Permanent Improvement fund (003) from FY2005 through FY2008 to be designated for building repair and maintenance per the Board of Education's Budget Reduction Plan 2005-2007. \$60,000 per year is transferred to fund 432 to cover EMIS costs.

5.020 Advances-Out – Advances are transactions, which withdraw money from one fund to another, in anticipation of future revenue. For the fiscal years 2006-2010, the District anticipates a need to annually advance funds to the Food Service Fund, 006-9060, in the amount of \$75,000 and to the State and Federal Vocational Funds in the amount of \$45,000 to cover cash flow needs.

RESERVATION OF FUND BALANCE:

9.010 Textbooks and Instructional Materials – The District meets the annual spending requirement per SB345 Set-Asides. If the District spends monies in the textbook and instructional material set-aside in excess of the required amount for that year, the board may deduct the excess amount of money from the required deposit in future fiscal years.

9.020 Capital Improvements - The district budgets and meets the annual spending requirement per SB345 Set-Asides. If the District spends monies in the Capital Improvements set-aside in excess of the required amount for that year, the Board may NOT deduct the excess amount of money from the required deposit in future fiscal years.
