Terminology Used in Relationship to Categorization of Revenues **A Cross-Walk for the Lay Reader**

Revenues or receipts are acknowledgment of monies obtained by the District. The totals on the opposite page include all items categorized as such throughout the General Fund. The Auditor of State assigns receipt codes.

- **Receipts From Local Sources (1100)** – includes monies obtained by the district from local sources.
- **Receipts From State and Federal Sources (3000, 4000)** – includes monies obtained by the district from state sources. Grants-in-Aid are contributions made from state funds to a district, which is distributed on some flat grant or equalization basis.
- **Tuition (1200)** – includes monies received from patrons, other school districts, and other sources for education provided in the school of the district.

- **Earnings on Investments (1400)** – includes interest received on temporary or permanent investments in U.S. Treasury bills, notes, certificates of deposit or other interest-bearing obligations.
- **Miscellaneous Receipts From Local Sources (1700, 1800)** – includes other income from local sources, which is not classified above.
- **Other Revenue Sources (1900)** – includes revenue from local sources not classified above.
- **Refund of Prior Year's Expenditures (5300)** – includes monies received from refund of an expenditure charged to a prior fiscal year's budget.

Revenues by Source identifies revenues that consist of four (4) digits. The following is to assist the reader in understanding the values on the opposite page.

1100 Taxes – General Property Tax (Real Estate Gross and Tangible Personal Property Tax Gross) are taxes levied by a district by the assessed valuation located within the district, which, within legal limits, is the final authority in determining the taxes to be raised for school purposes.

3110 School Foundation Basic Allowance – Monies received through the state's Foundation Program that is not restricted to a particular use. This account now includes the amounts previously reported as special education, vocational, pupil transportation and DPIA. Other includes open enrollment and adjustments for vocational and special education.

3130 Property Tax Allocation – Monies received as a result of homestead exemption legislation (Sections 323.151,et.Seq.), property tax rollback legislation (Sections 319.301,et.Seq.) and personal property tax exemption (Section 5709.01).

3212 Bus Purchase Allowance – Monies received through the state's Foundation Program for buses.

3219 Parity Aid – Monies received through the state's Foundation Program for all-day kindergarten to more students.

4120 Unrestricted Grants-in-Aid Received From Federal Government Through the State – Revenues received from the federal government through the state as grants including Medicaid (CAFS).

1200 Tuition – Monies received from parents, summer school, and special education and vocational education charges to member districts.

1410 Interest – Monies received from interest on investments.

1700 Classroom Materials and Fees – Monies collected from pupils for class fees including parking fees.

1800 Miscellaneous Receipts from Local Sources – Monies collected from rentals of school property, contributions and donations from private sources, services provided to other entities, and other miscellaneous receipts not previously classified.

1930 Sale and Loss of Assets – Revenue generated from the sale of school property or realized from recoveries for loss of school property.

5300 Refund of Prior Year's Expenditures – Refund of an expenditure charged to a prior fiscal year's budget.

5220 Advances-In Return – Monies received by a fund, as a result of an advance from another fund, in anticipation of future revenue.

Terminology Used in Relationship to Categorization of Expenditures **A Cross-Walk for the Lay Reader**

Expenditures by Object identifies the motive or reason for expenditure. The totals on the opposite page include all items categorized as such throughout the General Fund.

- **Salaries** - include wages paid to all individuals hired by the Board of Education that have an employee/employer relationship.
- **Fringe Benefits** - include the employer portion of retirement, insurances, worker's compensation, and Medicare for employees who are included in the "Salaries" category.
- **Contracted Services** - expenditures for services provided by outside contractors for items such as utilities (gas, water, electric, and telephone), trash pickup, and repair work. Also included are conference expenses, consultants, and guest speakers for teacher in-service, and mileage reimbursement.

- **Material and Supplies** - cover items for the daily operation of the district both in and out of the classroom. Maintenance of all district facilities from cleaning supplies, to grounds, to maintenance of equipment would be included here. Fuel for transporting of students is also expended under this category. The purchase of textbooks, paper, classroom and office supplies are also charges to this object level.
- **Capital Outlay** - includes tangible assets with a useful life expectancy of at least three (3) years with a value of over \$250. All items, whether purchased as a new piece of equipment or replacing an existing item, would be charged to these accounts.
- **Other** - includes such items as Auditor's and Treasurer's fees, liability insurance, and student activity payments.

FINDLAY CITY SCHOOLS FORECAST ASSUMPTIONS – September 8, 2008

REVENUES:

1.010-1.020 Property Tax - Property tax revenues are based on historical growth patterns, including scheduled updates and reappraisals. Passage of a 5-year 5.9 mill replacement levy in November 2003 (TY2004-2008) with collection starting calendar year 2005 and ending calendar year 2009 has been built into the projection. Next scheduled reappraisal is 2010 on which collections will begin in calendar year 2011. Collections in FY08 are unexpectedly less in line 1.010 because the County Auditor had a larger collection window in the previous year than in FY2008 so amounts that would have normally been collected in 2008 were actually collected in 2007. Also see flood notes at the bottom.

The District replaced a 4.9 mill operating levy for 5 years on the May 2007 ballot (TY2007-2011) with collection continuing calendar year 2008 and ending calendar year 2012. Collections on the District's 5.9 mill operating levy will stop in calendar year 2009 unless it is replaced or renewed.

The tangible personal property tax estimates are based on historical collection levels and recent changes in the state tax laws. Tangible personal property includes furniture & fixtures, machinery & equipment, and inventory. Effective for tax year 2006, the tangible personal property tax will begin a four-year phase out. School districts have been promised full replacement of this lost tax over the next five years via the school funding formula and direct payments from the State (excluding the inventory taxes that were already scheduled to be eliminated and the first half-mill on bond and emergency levies). After five years, the direct payments from the State will be phased out over the next seven (7) years through 2018. These state reimbursements are reflected in line 1.05 Property Tax Allocation. Ohio residents can expect to see much higher levy millage rates on future ballots given that tangible property will no longer be taxable.

Theoretically, the tangible personal property tax will be replaced by the new commercial activity tax (CAT), which will be phased in over a five-year period. Once fully phased in, the CAT will be a 0.26% tax on any business' gross receipts in excess of \$1 million. Businesses with gross receipts between \$150,000 and \$1 million will pay a minimum of \$150, while businesses with receipts of less than \$150,000 will not be subject to the CAT.

Beginning in tax year 2004, all taxpayers having taxable personal property with a taxable value of less than \$10,000 were no longer required to file a personal property tax return. Prior to 2004, taxpayers with less than \$10,000 in personal property filed a tax return, even though they would not owe any taxes. The state would use the form to reimburse school districts for personal property tax revenues that were not collected based on the filings. The state reimbursement was initially to be phased out over a 10-year period, beginning in fiscal year 2004. The reimbursement for fiscal year 2006 (\$214,000) was equal to 70% of the fiscal year 2003 reimbursement. Due to recent tax reform, this \$214,000 will be phased out in the next four years so that the District expects to receive \$160K in FY07, \$107K in FY08, \$54K in FY09, and \$0 in FY10. These amounts are reflected in line 1.050.

The amounts in 1.010 and 1.020 do not anticipate the automatic passage of a replacement or renewal levy. That means that when a levy is scheduled to expire, the estimated property tax revenue has a corresponding decline (e.g. FY2010). Although new levies may be proposed during this time period, no new levies are included in these amounts. Revenues from anticipated replacement/renewal levies are on line 11.020.

1.030 Income Tax - The District has no income tax collections.

1.035-1.040 Grants-in-Aid – FY2009 figures are based on simulation data from ODE. In FY2009, the State's per pupil amount increased by 3% to \$5,732 for what the State estimates it should cost a district to provide a basic education. Districts do NOT receive \$5,732 per pupil from the State. They only receive a portion of that amount which varies by district based on local wealth. Although the State increased its per pupil amount by 3% it also eliminated the Cost of Doing Business factor, which in Hancock County added 0.717% to the basic aid amount in FY2007 or \$227,000. In FY2008, Findlay became ineligible for parity aid because it was previously awarded to the 80% most impoverished districts, but is now only given to the 60% most impoverished districts. This was a loss of \$800,000 per year to Findlay Schools. As a result of these losses, the District's total state funding decreased in FY2008. Beginning in FY2009 state funding is expected to increase based on the current state formula and anticipated growth based on historical patterns or other indicators included in new legislation although ODE's simulations are known to use inflated pupil numbers. In FY2008 the district also lost its 380K reimbursement for public utility deregulation that was put in place back in 2002.

1.050 Property Tax Allocation – Property tax allocation revenues are based on historical growth patterns, including scheduled updates and reappraisals. Passage of a 5-year 5.9 mill replacement levy in November 2003 (TY2004-2008) with collection starting calendar year 2005 and ending calendar year 2009 has been built into the projection. Also see note above for line 1.020 which discusses the \$10,000 exemptions and phase out.

The District replaced 4.9 mill levy for five (5) years on the May 2007 ballot (TY2007-2011) with collection continuing in calendar year 2008 and ending in calendar year 2012.

Under Amended Substitute House Bill 95, the Ohio Department of Taxation now deducts a fee from the monies reimbursed back to a school district as a result of the 10% rollback on each parcel of real property on the general tax list, public utility, and manufactured and mobile home tax list. The rollback reimbursement is distributed twice a year, approximately 30 days after the county auditor certifies the February and August real estate settlements. The first effect of this deduction appeared in 2004.

The amounts in 1.010 and 1.020 do not anticipate the automatic passage of a replacement or renewal levy. That means that when a levy is scheduled to expire, the estimated property tax revenue has a corresponding decline (e.g. FY2010). The decline is not as evident in line 1.050 because of the annual increase from tangible tax hold harmless amounts. Although new levies may be proposed during this time period, no new levies are included in these amounts. Revenues from anticipated replacement/renewal levies are in line 11.020.

1.060 All Other Revenues – Modest decreases in FY2010-2012 anticipate lower investment income.

2.010 Proceeds from Sale of Notes – The District does not anticipate any sale of notes.

2.050 Advances-In – Revenues received by a fund as a result of a transfer or advance from another fund in anticipation of future revenue. These are monies that were advanced out in previous year(s) and returned back to general fund. Line 2.050 should match the previous year's line 5.020.

EXPENDITURES:

3.010 Personnel Services – The amounts for salaries and benefits are based on existing negotiated agreements. No base salary increases have been assumed for fiscal years beyond FY12. Personnel services are projected at 1.2% increases to cover experience and education changes. FY2007 went down 30-35 certified positions from FY2006 and 12-15 classified positions through a combination of non-renewals, reductions-in-force (RIF's) and attrition. FY2009 reflects a gain of 7 teaching positions primarily due to the implementation of all day every day kindergarten throughout the district. Substitute costs of \$650,000 have been moved to purchased services beginning in FY2008 for Renhill contract. FY2009 through FY2012 assumes no further reductions although it is the District's goal to continue to reduce positions if it makes sense in certain situations.

3.020 Employees' Retirement/Insurance Benefits – Line 3.020 reflects FY2007 general fund health care costs of \$7.1 million (medical, prescription, dental and vision). Two factors have contributed to the decrease of health care costs over past projections. The majority of the decrease is due to a change in carriers from Medical Mutual to the Anthem network effective June 1, 2006. The second factor is 44 fewer employees on our plan in FY2007 which has saved the District \$528,000. The forecast assumes a net increase to the District's fiscal year 2008 health care costs of 14.3% in FY2009 based on April 2008 renewal quote from Anthem, 11.5% in FY2010, 11.0% in FY2011, and 10.5% in FY2012. Line 3.020 also includes approximately \$178,000 for professional dues reimbursements, \$67,000 for tuition reimbursements, and \$90,000 for STRS/SERS 14% contributions for Renhill employees. The remaining benefits (e.g. retirement, Medicare, workers compensation, and unemployment) in line 3.020 are based on 16.5% of salaries in line 3.010.

3.030-3.040 Purchased Service and Supplies and Materials – Purchased services, which include contracted substitutes, utilities, repairs, leases, and tuition payments, are forecast to increase by an overall 6% each year. Supplies reflect a 3% increase after fiscal year 2008. Also see flood notes at bottom.

3.050 Capital Outlay – Fiscal year 2007 equipment expenditures are up due to school bus purchases (430K) and the wireless technology project (550K). FY09 and beyond presume fewer general fund district projects. Also see flood notes at bottom.

4.020 Principal Notes – The District has three interest free asbestos loans from the United States Environmental Protection Agency. Tax revenues posted in the Debt Service Fund cover the scheduled loan payments. Annual requirements to amortize all long-term debt outstanding as of 6/30/08, are \$108,061 each year from 2008 through 2010, \$100,314 in 2011, \$72,402 in 2012, and \$30,698 in 2013 for a \$527,598 total.

4.050-4.060 HB 264 Loans & Interest – In FY2006 the District took out a low interest (4.297%) five-year loan to make improvements that would help reduce energy costs. Payments were semi-annual with the first payment on the principal made in late FY2006. This loan was paid off in May 2008 when the STAR Ohio investment rate was 2.2% and dropping.

4.300 Other Objects – This line is based on historical patterns and county auditor fees, which increase as collections increase.

5.010 Operating Transfer-Out – A total of \$3,540,000 from the 3-year 4.9 mill levy proceeds passed in 2004, was transferred to the Permanent Improvement fund (003) from FY2005 through FY2008 to be designated for building repair and maintenance per the Board of Education's Budget Reduction Plan 2005-2007. \$75,000 per year is transferred to fund 432 to cover EMIS costs.

5.020 Advances-Out – Advances are transactions, which withdraw money from one fund to another, in anticipation of future revenue. For the fiscal years 2009-2013, the District anticipates a need to annually advance funds to the Food Service Fund, 006-9060, in the amount of \$50,000; the Permanent Improvement fund, 003-9030, in the amount of \$90,000 and to miscellaneous state and federal funds in the amount of \$200,000 to cover cash flow needs. In FY2007 the District advanced \$500,000 to the Donnell Stadium fund for new field turf which will be paid back by the Donnell Foundation. In FY2008 the District advanced \$2,050,000 to the 014-9140 flood fund in anticipation of FEMA and Oho EMA reimbursements.

RESERVATION OF FUND BALANCE:

9.010 Textbooks and Instructional Materials – The District meets the annual spending requirement for SB345 set-asides. If the District spends monies in the textbook and instructional material set-aside in excess of the required amount for that year, the Board may deduct the excess amount of money from the required deposit in future fiscal years.

9.020 Capital Improvements - The district budget meets the annual spending requirement for SB345 set-asides. If the District spends monies in the Capital Improvements set-aside in excess of the required amount for that year, the Board may NOT deduct the excess amount of money from the required deposit in future fiscal years.

9.040 and 9.070 DPIA/PBA and Bus Purchases - The District annually spends the allocations provided in these funds. As of September 5, 2008, the District had \$35,738 in the bus purchase subsidy account.

11.020 Property Tax Renewal – On November 4, 2008, the District will ask the voters to replace a 5-year 5.9 mill levy originally passed in November 2003 (TY2004-2008) with collection starting calendar year 2005 and ending calendar year 2009.

FLOOD NOTES: Hancock County sustained major flood damage from large rainfalls at the end of August 2007. The Findlay City Schools had 8 properties that were affected: Central, Washington, Lincoln, Wilson Vance, Northview, and Findlay High School, as well as the Transportation garage and offices, and the softball shed at FHS. Repair and restoration and mitigation will exceed \$3.5 million. The bulk of the damage (over \$3.3 million) occurred at Central Middle School where the district's central offices and records were located in the basement. On August 27th the Board appropriated \$1.8 million for immediate needs to help clean up and replace what was damaged in the flood. The District qualifies for public assistance from FEMA. It is anticipated that FEMA will pay for 75% of the costs, while the State will cover at least 12.5% and the District will need to cover the remainder. Neither FEMA eligible costs nor reimbursement revenue are reflected in this forecast because they should cancel each other out in FY2008. Property owners can apply for a reduction in the property taxes due to flood until December 31, 2007. The flood damaged 3,000 homes and businesses. Those reductions and the effect on the District's revenues have not yet been fully determined.

True Days Cash Ratio

True Days Cash is the concept that calculates how many days the District can operate with the amount of cash available at the end of the year. The calculation takes the available cash balance at the end of the year and divides it by the year's average daily operating expense as outlined below:

$$\text{True Days Cash Ratio} = \frac{\text{Unencumbered Balance}}{\text{Total Expenditures} / 365 \text{ Days}}$$
