

**APPROVAL OF HANDBOOKS AND DIRECTIVES**

In order that pertinent Board policies and important regulations and procedures may be known by all staff members and students affected by them, administrators are granted authority to issue staff and student handbooks as found necessary and desirable.

To ensure that all handbooks conform with Board policies and are of a quality that reflects credit on the District, the Board expects all handbooks to be approved by the Board and the Superintendent prior to publication.

Board approval is necessary for any handbooks which pertain to required standards of conduct for employees or students. The Superintendent will use his judgment regarding Board approval of other specific handbooks.
