

COMMUNITY USE OF SCHOOL FACILITIES

School sponsored activities shall have first priority for the use of school facilities and no community use of such facilities shall interfere with the District's educational mission. Pursuant to and in accordance with the terms of Section 3313.75, 3313.76, and 3313.77 of the Ohio Revised Code, school facilities will be available to responsible organizations or groups for legally authorized purposes. The right to authorize the use of school facilities is reserved by the Board, which may act in this regard through its Superintendent or Designee. Such use will be governed by the applicable administrative regulations and procedures, subject to the terms of any contractual arrangement to which the Board is a party. Where the proposed use is for a purpose appearing in Section 3313.77 of the Revised Code, the fees to be paid for such use and the costs used to determine such fees are established by the Board and available in the office of the Treasurer/Building Principal.

Authorization to use school facilities shall not be construed as Board endorsement or approval of the activity, group, or organization involved.

No alcoholic beverages shall be permitted on school grounds or in any school building. Smoking and any other use of tobacco products shall not be permitted on any school grounds. The group or organization renting or using school facilities shall be responsible for enforcing these rules.
