

ANIMALS IN SCHOOLS

Recognizing there are many tools that can be used to provide a variety of productive learning experiences for students, the Board supports the concept of using animals as an educational tool.

Prior to any use of animals in the schools, the administration should contact appropriate organizations or authorities regarding resource materials and suggested learning activities that may be available to help students increase their understanding of the animal world.

All animal use in school buildings is consistent with health and safety policies established by the District. The administration is responsible for developing regulations for the care and control of the animals.

Service Animals

In compliance with Federal Law, the Board permits the use of service animals in the schools for those individuals with qualified disabilities.
