

READING SKILLS ASSESSMENTS AND INTERVENTION
(Third Grade Reading Guarantee)

The District is required annually to assess the reading skills of each K-3 student, except those students with significant cognitive disabilities or other disabilities as authorized by the Ohio Department of Education (ODE) on a case-by-case basis, by September 30. The District uses a Reading diagnostic assessment to measure reading ability either approved under State law or a comparable tool that has been approved by ODE.

If the English Reading diagnostic assessment shows that a student is not reading at grade level, the District will provide written notification to the parents or guardian that includes:

1. Notice that the school has identified a substantial English reading deficiency in their child;
2. A description of current services provided to the student;
3. A description of proposed supplemental instruction services and supports;
4. Notice that the diagnostic assessment for third grade reading is not the sole determinant of promotion and that additional evaluations and assessments are available; and
5. Notice that the student will be retained unless the student falls under an exemption or attains the appropriate level of reading competency by the end of third grade, the student will be retained.

For a K-3 student not reading at grade level, the District will provide intensive reading instruction immediately following the identification of a reading deficiency. This instruction must:

1. Include research-based reading strategies that have been shown to be successful in improving the reading skills of low-performing readers, and
2. Be targeted at the student's identified reading deficiencies.

For each K-3 student receiving required reading intervention, the District will develop a reading improvement and monitoring plan. This plan will be developed within 60 days of receiving the student's results on the diagnostic assessment. The plan will include all of the following:

1. Identification of the student's specific reading deficiencies;
2. A description of additional instructional services that will target the student's identified reading deficiencies;
3. Opportunities for the student's parents or guardians to be involved in the instructional services;
4. A process to monitor the implementation of the student's instructional services;
5. A reading curriculum during regular school hours that assists students to read at grade level, provides for specifically based and reliable assessments, and provides ongoing analysis of each student's reading progress; and

6. A statement that if the student does not attain at least the equivalent level of achievement under Ohio Revised Code Section 3301.071 by the end of third grade, the student will be retained.

For a student with a reading improvement and monitoring entering the third grade for the first time on or after July 1, 2013, the District provides a teacher who has at least one year of teaching experience and who satisfies one or more of the following criteria:

1. Holds a reading endorsement on the teacher's license and has attained a passing score on the corresponding assessment for that endorsement; as applicable;
2. Has completed a master's degree program with a major in reading;
3. Was rated "most effective" for reading instruction consecutively for the most recent two years based on assessments of student growth measures developed by a vendor and that is on the list of student assessments approved by the State Board of Education (SBOE);
4. Was rated "above expected value-added," in reading instruction, as determined by ODE for the most recent consecutive two years;
5. Has earned a passing score on a rigorous test of principles of scientifically research-based reading instruction as approved by the SBOE or
6. Holds an educator license for teaching grades pre-kindergarten through third or grades four through nine issued on or before July 1, 2017 and passed a rigorous exam of reading instruction identified by ODE.

For a student with a reading improvement and monitoring plan entering third grade for the first time on Or before July 1, 2013, the District may provide a teacher who:

1. Has less than one year of teaching experience provided that the teacher meets one or more of the criteria listed above and is assigned to a mentor teacher who has at least one year of teaching experience and meets one or more of the criteria above or
2. Holds an alternative credential approved by ODE or who has successfully completed training that is based on principles of scientifically research-based reading instruction that has been approved by the department. Beginning July 1, 2014, the alternate credentials shall be aligned with the reading competencies adopted by the SBOE.

For a student with a reading improvement and monitoring plan entering the third grade for the first time on or before July 1, 2013, the District may provide:

1. Reading intervention or remediation services under this section from an individual employed as a speech-language pathologist who holds a license issued by the Board of speech-language pathology and audiology and a professional pupil services license as a school speech-language pathologist issued by the SBOE and/or
2. A teacher, other than the student's teacher of record, to provide any services required under this section, so long as that other teacher meets the assigned teacher criteria above and the teacher of

record and the school principal agree to the assignment. This assignment is documented in the student's reading improvement and monitoring plan.

For any student who is an English language learner and who has been in the U.S. for three years or less or for a student who has an individualized education plan, a teacher may teach reading if the teacher holds an alternative credential approved by ODE or who has successfully completed training that is based on principles of scientifically research-based reading instruction that has been approved by ODE. Beginning July 1, 2014, the alternate credentials shall be aligned with reading competencies adopted by the SBOE.

The District has specific responsibilities for a student who has been retained at the end of third grade. The District must:

1. A Third Grade student will be promoted at the end of a required summer intervention program or at mid-year who participates in remediation services and who demonstrates the required reading proficiency prior to the start of fourth grade.
2. Provide intensive remediation that addresses the student's areas of deficiencies. This must include, but not be limited to, not less than ninety minutes (90) of daily reading. In addition, the remediation may include any of the following:
 - A. Small group instruction
 - B. More frequent progress monitoring
 - C. Tutoring or mentoring
 - D. Transition classes containing third and fourth grade students
 - E. Extended school day, week or year
 - F. Summer reading camps
3. Provide a teacher, who satisfies one or more of the criteria set forth above.
4. Offer the student the option to receive applicable services from one or more providers other than the District. These providers will be screened and approved by the District or by ODE. Suggest the student the option to receive applicable services from one or more providers at parent's expense other than the District. These providers will be screened and approved by the District or by the Ohio Department of Education.
5. Provide instruction that is commensurate to the achievement level for a retained student who has a demonstrated proficiency in a specific academic field as defined by State law.
