

PROHIBITION OF PART-TIME TUITION STUDENTS

With respect to students not otherwise entitled by law to attend District schools tuition-free and for whose attendance tuition is not the legal obligation of another school district or “home” (as defined in O.R.C. Section 3313.64), the Board recognizes that admission may be granted to an applying student on a paid-tuition basis as a matter of managerial discretion. In the exercise of such discretion, no applying student shall be granted admission on a paid-tuition basis by the Board or Superintendent on less than a full-time and full-tuition status.
