Welcome. We are pleased to have you in our state-of-the-art learning environment, The Café @ Millstream. Sit back, relax and allow our chefs-in-training to dazzle and tempt you with their creations.

This year's theme is "all about creativity."

We are asking our chefs to think outside the box and come up with mouth-watering, home-made meals that will tempt your senses and tickle your taste buds. Our menu will highlight some of our best dishes along with allowing students to showcase their creativity and talents in garnishes and plate sculpturing work.

Don't forget to check out our array of desserts and breads for sale in the front of the restaurant. On behalf of the staff and students at Millstream, again, welcome and thank you for letting us be a part of your day. Tipping is greatly appreciated and helps in maintaining the Culinary Program, and allows for special events and scholarships for our outstanding senior students.
